The map displays the municipality of Poppenhausen and its surrounding regions, including Pfersdorf, Hain, Maibach, Kützberg, and Kronungen. The map is color-coded to show different types of land use: green for forests, yellow for agricultural fields, and grey for built-up areas. A red outline delineates the 'Erschließungsgebiet' (service area), which covers the central and eastern parts of the municipality. Within this red-outlined area, numerous green dots represent 'Zu realisierende Anschlüsse (541)' (connections to be realized). The map also shows major roads, including the A 71 (Autobahn) and B 19 (Bundesstraße), and various smaller roads and streams. The map is oriented with North at the top, as indicated by the north arrow in the top right corner.
